

GOAL 1

To improve literacy outcomes for all students

Fully embed the school's instructional model consistently across all levels

Develop the pedagogical skills of teachers to embed a whole school approach to the teaching of reading and writing

Strengthen teacher and team capability to utilise data and evidence to teach a differentiated and stimulating curriculum that targets each student's point of learning need

GOAL 2

To improve numeracy outcomes for all students

Deepen teacher effectiveness in applying the instructional model to target the learning opportunities for each student

Develop teachers' knowledge of the curriculum to confidently move students along the numeracy continuum

Fully implement evidence-based assessment to inform cycles of teaching and learning

GOAL 3

To create empowered learners who are actively engaged in and connected to their learning

Build teacher capacity in order to promote and amplify student voice and agency in student learning

Develop and embed a consistent whole school approach to ensure student voice and agency is explicit in their learning

Empower students to collaborate with adults and peers to direct and take responsibility for their learning
